

Contents

1	Cover Sheet	
2	Summary	S.1
3	S.1 Purpose and Need for Agency Action.....	S.2
4	S.2 Background	S.3
5	Hanford Cleanup Progress and New Initiatives	S.3
6	Disposition of Waste Across the DOE Complex and at Hanford	S.6
7	S.3 Development of the Revised Draft HSW EIS.....	S.11
8	S.4 Waste Volumes Analyzed.....	S.13
9	S.5 Waste Management Activities and Facilities.....	S.14
10	Solid Radioactive Waste Storage.....	S.15
11	Solid Radioactive Waste Treatment and Processing.....	S.17
12	Solid Radioactive Waste Disposal	S.18
13	Solid Radioactive Waste Transportation and Emergency Preparedness.....	S.21
14	S.6 Description of Alternatives	S.21
15	Grouping of Alternatives	S.24
16	S.7 Comparison of Alternatives	S.25
17	Environmental Consequences	S.26
18	Cumulative Impacts	S.34
19	Uncertainties	S.36
20	Mitigation.....	S.37
21	S.8 Major Conclusions	S.40
22	Major Impact Differences Among the Alternatives.....	S.40
23	DOE Preferred Alternative.....	S.41
24	Areas of Controversy	S.42
25	S.9 Public Interaction Process.....	S.43
26	Scoping Process	S.43
27	Comments on the First Draft of the HSW EIS.....	S.44
28	Public Comment Process for the Revised Draft of the HSW EIS.....	S.44
29	S.10 References.....	S.45

Figures

4	S.1	Hanford Site Treatment, Storage, and Disposal Facilities	S.1
5	S.2	Hanford Site Location Map.....	S.4
6	S.3	States with Radioactive Waste Disposal Activities	S.7
7	S.4	Waste and Materials Coming to and Leaving Hanford (in megacuries).....	S.9
8	S.5	Relationship of the HSW ES to Other Key Environmental Reviews	S.12
9	S.6	Range of Waste Volumes Considered in the HSW EIS.....	S.14
10	S.7	Hanford's Land Use Plan.....	S.15
11	S.8	Hanford's Waste Management Operations.....	S.16
12	S.9	Aerial View of the Central Waste Complex	S.17
13	S.10	Hanford's Low Level Burial Grounds	S.19
14	S.11	Mixed Low-Level Waste Disposal Trench	S.20
15	S.12	Packaging of TRU Waste for Shipment to WIPP	S.20
16	S.13	Solid Waste Treatment Action Alternatives	S.22
17	S.14	Solid Waste Disposal Action Alternatives.....	S.23
18	S.15	Development of Alternative Action Groups	S.25
19	S.16	Planned Transportation Routes of Radioactive Waste through Oregon and Washington	S.29
20	S.17	Area C Location Relative to the 200 East and 200 West Burial Grounds	S.31
21	S.18	Lines of Analysis for Determining Maximum Annual Drinking Water Dose	S.32
22	S.19	Annual Drinking Water Dose from Technetium-99 in Groundwater Southeast of the.....	S.36
23	S.20	HSW EIS Development Timeline.....	S.43

Tables

30	S.1	Alternative Group E – Dual Combined-Use Disposal Facilities Options.....	S.26
31	S.2	Range of Incremental Impacts from Alternatives Analyzed in this EIS (Operational Period).....	S.27
33	S.3	Range of Incremental Impacts from Alternatives Analyzed in this EIS (long-term – 10,000 years).....	S.28
